

W.A.M. FLOORS

VINYL & CARPET

Supply & Installation

CONCRETE GRINDING & POLISHING

W.A.M Floors believes that to get the best out of your floor, you need the best equipment. That is why we will always look for equipment that not only gives our clients the best finish, but also gives us options, enabling us to work in a variety of environments.

DINGO VINYL & TILE FLOOR REMOVAL

W.A.M Floors' Dingo has a blade attachment that can efficiently remove vinyl and ceramic tiles. Fitted with a bucket the Dingo can also remove the rubble from the worksite minimising time and labour. The Dingo can then be fitted with the Grinder attachment to leave a floor that is perfectly prepared for the installation of new floor coverings. This equipment is ideal for large areas such as shopping centres where works are required to be done quickly and efficiently.

At W.A.M Floors, our priority is creating the floor surface that you want. For us to do this, we source the right equipment for the job.
